

# Georgia's Home Energy Rebates

## Bringing energy efficiency to Georgians.

### DO IT YOURSELF (DIY) NOW AVAILABLE!

Homeowners and tenants can upgrade kitchen appliances on their own, through the **Home Electrification and Appliance Rebates (HEAR)**. Rebate amounts for the DIY pathway are tied to a household's income relative to their county's Area Median Income (AMI).

### PARTICIPANT ELIGIBILITY

To get started, potential participants should first verify their household's AMI level prior to purchasing an in-scope appliance. You can learn more about finding your household AMI at [energyrebates.georgia.gov](https://energyrebates.georgia.gov).

**These rebates are available for households below 150 percent AMI, with greater savings for households below 80 percent AMI.**

Income Eligibility	Rebate
Below 80% AMI	Up to 100% of the total project cost.
At or above 80% to 150% AMI	Up to 50% of the total project cost.

### ELIGIBLE MEASURES

The DIY Pathway is focused on a specific group of kitchen appliances. This includes the following ENERGY STAR® certified appliances, detailed below.

#### Please Note:

- Eligible appliances include electric stove, cooktop, range, or oven.
- Eligible households are able to select **one** of the eligible appliances for a maximum rebate of \$840.
- Replacing an existing electric appliance with a new electric appliance is not allowed.
- Replacing an existing electric kitchen appliance with a new induction appliance is not allowed.

ENERGY STAR® Certified Appliances	Incentive Limit (Not to Exceed)
Electric Stove	\$840
Cooktop	
Range	
Oven

## PROGRAM REQUIREMENTS (HOW DO I PARTICIPATE?)

Rebate savings through the DIY Pathway are delivered to eligible households **after** providing proof of purchase, proof of installation, and documentation to verify your household income.

	<ul style="list-style-type: none"><li>• <b>Proof of Installation.</b> Program participants will need to provide proof of installation <b>within 90 days of purchase</b> by uploading:<ul style="list-style-type: none"><li>◦ Purchase receipts, and</li><li>◦ Geotagged photos of <b>existing</b> and <b>new</b> equipment.</li></ul></li></ul>
	<ul style="list-style-type: none"><li>• <b>Income Eligibility.</b> Prior to receiving the rebate, household income must be verified by providing:<ul style="list-style-type: none"><li>◦ Proof of participation in federal or state assistance programs</li></ul><b>OR</b><ul style="list-style-type: none"><li>◦ Your most recent bank statements, tax forms, or copies of your pay stubs dated within the last 60 days.</li></ul></li></ul>
	<ul style="list-style-type: none"><li>• <b>Eligible Measures.</b> There are a few appliance requirements including:<ul style="list-style-type: none"><li>◦ The purchased appliance must be from this list of eligible <b>ENERGY STAR® certified products</b>, found at <a href="https://energystar.gov/productfinder/product/certified-residential-electric-cooking-products">energystar.gov/productfinder/product/certified-residential-electric-cooking-products</a>.</li><li>◦ The proposed work must be considered a “<b>Qualified Electrification Project</b>” (QEP) to qualify for rebate savings. Visit <a href="https://energyrebates.georgia.gov">energyrebates.georgia.gov</a> for more information.</li></ul></li></ul>

## HOW TO APPLY

The DIY Pathway application is hosted on the Neighborly platform. Neighborly is a system of record for Georgia's Home Energy Rebates. The platform is used for managing several federally-funded programs, including Georgia's Home Energy Rebates. **You will complete the following steps in the HEAR DIY application:**

- 1 Enter your contact, home, and income information.  
Enter the details of your home appliance upgrade
- 2 Upload geotagged before and after photo proof that you installed the appliance and the appliance meets the program requirements (see above).
- 3
- 4 Create your payment profile for rebate processing.
- 5 Sign the attestations certifying you followed the program requirements.
- 6 Submit your application!
